TP-LINK AC1900 Wireless Modem Router Archer

Computers & tech ,Southport, Gold Coast

Description

The TP-LINK Archer D9 Wireless Modem Router delivers a combined wireless data transfer rate of up to 1.9 Gbps thanks to its dual band functionality. It provides seamless online gaming and HD video streaming across the 5 GHz band while simultaneously providing enough bandwidth to browse the web and check or send emails on the 2.4 GHz band.

- Experience data transfer speeds up to 1300 Mbps on the 5 GHz band and up to 600 Mbps on the 2.4 GHz band.
- With 3 external dual band antennas and Beamforming technology you receive maximum, targeted wireless coverage.
- It comes with 1 USB2.0 port and 1 USB3.0 port so you can connect a printer or USB hard drive and access it wirelessly across your network.
- You can also connect cable, VDSL or fiber modems thanks to EWAN connectivity.
- It comes with an inbuilt 1 GHz dual core processor for smooth operation.
- It has parental controls so you can allow restricted access policies for children or staff.
- The router is easy to setup and has multi language support.
